

ATTACHMENT F – Current Interactive Classroom Equipment

Released 6-15-2020 in response to the first set of Vendor questions to provide scope into what current equipment is used within Oldham County Schools.

Please note, this is not an inventory of equipment within each building. There may be limited variation due to maintenance that has occurred over the years.

The following equipment is to be included within the scope of Tier I or Tier II service offerings:

- Mounted and portable DLP, LCD and LED projectors
- Audio Amplifier and Speakers
- Microphone System
- Document Cameras
- Projector Screens
- Interactive Flat Panels

Buildings that have not yet gone through an Interactive Classroom Refresh have the following components within their rooms:

- Extron audio system with an MPA-150 amp and speakers OR;
- Calypso CA-1000 amplifier system including speakers AND;
- Lightspeed LES-700ix microphone system OR;
- Calypso WM-500 microphone system AND;
- SP Controls Pixie Plus wall control OR;
- Calypso CB-1000 wall control AND;
- 84" DA-Light pull-down screen AND;
- Extron OR Calypso wall connection plate AND;
- Ceiling mounted DLP projector AND;
- VGA splitter
- K-1 classrooms were outfitted with an Interactive Whiteboard rather than a pull-down screen

Buildings that have completed their Interactive Classroom Refresh have the following components within their rooms:

- Interactive Flat Panel (SMART Board MX Series, Clevertouch IMPACT Plus, Clevertouch Plus LUX or Lite the Nite) AND;
- Audio Enhancement Sentinel XD System with Lanyard Mics and a MIC 360 OR;
- Audio Enhancement XD Solo Speaker Pal System with Lanyard Mics and a MIC 360.
