Relates to: 4048AR, 4048F

The Superintendent or his or her designee will develop a plan for diagnosing and addressing student academic deficiencies by providing extended school services (ESS) as required by law.

Extended School Services

The Board will provide extended school services consistent with students' intervention or individual learning plans and goals, the requirements of 704 KAR 003:390, and board policies and procedures. The District may provide extended school services during the regular school day when a waiver for alternative service delivery has been obtained. Extended school services offered during the summer shall be available to all eligible students residing in the District, regardless of whether they attend District schools.

For students eligible to attend ESS, the District shall:

- Identify learning goals and benchmarks for each student that, if achieved, indicate that the student may exit the extended school services program;
- Determine conditions under which a student's absence from the program may be considered excused or unexcused; and
- Determine method for transporting students mandated to attend.

The District shall select pupils who need additional instructional time or differentiated opportunity to learn academic and enrichment content aligned with their individual student needs to improve their present level of performance in one (1) or more content areas. Priority for ESS services shall be placed on designing and delivering services to students at risk academically.

Pending renewal of the Kentucky request to the U. S. Dept. of Education for flexibility, the following section is waived through the 2014-2015 school year. If request is not renewed, the following section will be in force.

Supplemental Educational Services

Eligible students shall be provided supplemental educational services as required by federal law.

The District shall post on the District/school web site(s) information about available supplemental educational services in keeping with federal regulatory requirements.
