

OLDHAM COUNTY BOARD OF EDUCATION POLICY

GRANT APPLICATIONS

4070

Professional staff are encouraged to continually seek better ways of accomplishing the goals of the school improvement plan. Ideas for new instructional programs should be carefully researched and discussed among affected colleagues at length.

After research and discussion, should the staff wish to prepare a grant application to support an existing or new instructional program, the following steps are required:

1. Submit the application to the building principal.
2. The building principal attaches his or her recommendation and forwards the application to the appropriate Level Director (Elementary or Secondary) who will review the application prior to submitting it to the Superintendent for approval.
3. Based on the recommendation and comments from each level of review, the Superintendent makes recommendation to the Board.
4. The Board makes final decision at a regular or special-called meeting of the Board of Education.
